

“ I encourage you to
make an appointment
to meet with me, as
I would be proud to
show you and your
daughter our wonderful
school in action. ”

Principal's Message

I would like to take this opportunity to extend an invitation to you and your daughter to experience the Fahan School difference firsthand.

As a small independent school for girls, we have been providing excellence in education for over 75 years across a wide range of curricular and extracurricular offerings.

I believe strongly in the benefits of an all girls' education and extensive research has proven that girls rise to a higher level of development in this environment. It has been shown that girls learn differently to boys and at Fahan we are in a position to tailor our academic program to specifically meet their learning style. Furthermore, they are more inclined to fill leadership roles, extend themselves and display a heightened sense of camaraderie.

There are so many advantages to an education at Fahan, including its stunning location, innovative educational practices, small class sizes and the excellent relationships that develop as a consequence between students and our dedicated team of staff. By fostering this unique and supportive environment, we aim to provide our girls with the confidence to explore options in the knowledge that they will be mentored and nurtured to achieve their best, at the same time as enjoying the experience.

At Fahan we have an enviable reputation and I am constantly inspired by the achievements of our students across a wide variety of fields, both in academic and extracurricular spheres. In recent times, Fahan girls have consistently achieved one of the highest median ATAR scores in the state. In art, music and drama our girls are encouraged and supported to produce work of the highest quality and we are rewarded by the standard of performance both within the school community and in the public domain. In the sporting arena, as a small school, the determination and spirit of Fahan girls consistently produces results above expectation.

Fahan is a strong community and we value and cherish the support of all members, be they parents, alumni, staff or students. It has been a great privilege for me during my time at Fahan to meet and talk with so many former students and hear of the affection that they have for the school and how it has helped them to achieve their goals in life. It is my aim that this will also be true for our current students and that we continue to produce confident and resilient young women.

I hope this prospectus provides you with an informative introduction to our school.

I encourage you to make an appointment to meet with me, as I would be proud to show you and your daughter our wonderful school in action and enlighten you to the educational opportunities that exist for your daughter as a Fahan Girl.

Tony Freeman
