The Infant Swim and Survive Program will commence Tuesday 12 March and conclude on Monday 25 March, to be conducted by staff at the Collegiate Pool. Students from Prep – Year 2 will participate in this program. Students will have ten, 40 minute lessons over two weeks. All teachers are fully qualified and the Centre's program is considered well run, effective and very user friendly.

Students will be transported to and from the Collegiate Pool by bus and will be accompanied by Infant School Teachers. Year Two will swim from 9.00am to 9.40am and Prep/Year One from 9.40am to 10.20am. School buses will depart school approximately 30 minutes prior to the lesson time.

It is important to stress that this is more than a learn to swim program, although general water competence and stroke development are a cornerstone to the program. For those able to swim the focus is very much on personal survival skills and fundamental lifesaving. Students will be assessed and placed in groups appropriate to their level of ability.

Students will need to provide their own bathers, towel and goggles. Students involved in the Swim and Survive program can wear their full Sport Uniform to school each day during this period.

Please complete the tear off section below and return it to your daughter's Class Teacher by Friday 8 March. If your daughter is not going to participate in the program could you please let your Class Teacher know as soon as possible.

Yours sincerely,

Tim Dale  
Junior Sport Coordinator
