Dear Parents,

July 2013

We will be introducing iPads for all students in Years 3 to 10 in 2014.

During Term 3 we would like to invite our Year 4 students to take the iPads home as part of our ongoing trial this year.

As we continue to progress through the trial we anticipate looking at ways to allow students to add Apps at home. This part of the trial, and your feedback, will assist us in making decisions regarding future iPad use at Fahan.

At this stage further Apps cannot be added from home, but girls will be able to connect their devices to your home internet connection, with your permission.

The iPad is required each day at School, fully charged. The iPad has a 10 hour battery life and will last the whole day. Students may leave chargers at home.

It is important that covers stay on iPads at all times and we would recommend that some guidelines are set at home regarding usage. Useful information regarding internet safety is enclosed.

The repair cost to an iPad for damage not covered by warranty, and incurred at home, is \$279. In taking the iPad home, and in the event of such damage occurring, you are agreeing to cover the stated cost if required.

Although the iPads are owned by Fahan School we encourage the girls to treat them as their own and look after them accordingly.

For current Year 4 students, parents will have the option of purchasing the School-owned iPad at the end of this year for \$205. Would you please indicate below whether you would like to take up this option or provide your own iPad for 2014.

Yours Sincerely

David Hodgman
Year 4 Teacher
